ANNUAL PROGRESS REPORT FOR

STOP Violence Against Women Formula Grant Program

Brief Instructions: This form must be completed for all STOP Violence Against Women Formula Grant Program (STOP Program) subgrants received. The grant administrator or coordinator must ensure that the form is completed. Grant partners, however, may complete sections relevant to their portion of the grant. Grant administrators and coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners.

All subgrantees should read each section to determine which questions they must answer, based on the activities supported under this subgrant during the current reporting period. Sections B and F of this form must be completed by all subgrantees. Subsections A1 and C2 must be answered by all subgrantees. In sections D, E, and subsections A2, C1, and C3-C7, subgrantees must answer an initial question about whether they supported certain activities during the current reporting period. If the response is yes, then the subgrantee must complete that section or subsection. If the response is no, the rest of that section or subsection is skipped.

For example, 1) if you are a victim services agency providing training and victim services with staff funded under this grant, you would complete A1, A2, B, C1, C2, D, and F (and answer 'no' in C3-C7, and E1-5); or 2) if you are a law enforcement agency receiving funds to pay for staff who provide training to other law enforcement, you would complete A1, A2, B, C1, C2, and F (and answer 'no' in C3, C7, D, and E1-5).

If you are required to provide a match for your STOP Program subgrant, report on activities supported with this match. The activities of volunteers or interns may be reported if they are coordinated or supervised by STOP Program-funded staff or if STOP Program funds substantially support their activities.

For further information on filling out this form, refer to the separate instructions, which contain detailed definitions and examples illustrating how questions should be answered.

26. Number of secondary victims served

Please do not answer this question without referring to the separate instructions for further explanation and for examples of how and when to report secondary victims. *(Report the following, to the best of your ability, as an unduplicated count for each category during the current reporting period. This means that each secondary victim who received services during the current reporting period should be counted only once and in only one of the listed categories, which should correspond to the category of victimization of the primary victim/survivor. For purposes of this question, secondary victims are those who are indirectly affected by the domestic violence/dating violence, sexual assault, and/or stalking—i.e., children, siblings, spouses or intimate partners, grandparents, other affected relatives, friends, neighbors, etc.)*

(For those primary victims/survivors reported as served and partially served in 25A and 25B, report the victim/survivor's relationship to the offender by type of victimization. If a victim/survivor experienced more than one type of victimization and/or was victimized by more than one perpetrator, count the victim/survivor in all categories that apply.

(Report the number of victims/survivors and accompanying family members who received emergency shelter and/or transitional housing provided with STOP Program funds during the current reporting period. This should be an unduplicated count for both victims/survivors and for family members. This means that each victim/survivor and each family member who received shelter services during the current reporting period should be counted only once. Report the total number of bed nights provided in emergency shelter and/or transitional housing to victims/survivors and family members. The number of bed nights is computed by multiplying the number of victims and family members by the number of nights they stayed in the shelter. The number of bed nights will typically be significantly higher than the number of victims and family members. For example, one victim and her three children all stayed in the shelter for 10 nights. The number of bed nights would be 4 x 10, or 40.)

37A. Number of cases received, accepted for prosecution, declined, or transferred

(Report the number of domestic violence/dating violence, sexual assault, or stalking-related case referrals received during the current reporting period--including cases already charged before reaching the prosecutor's office. Of those cases referred, report the number that were accepted and the number that were declined for prosecution during the current reporting period.
